

Weather in Cairo, Egypt

Average High and Low Temperature in Cairo

The daily average high (red line) and low (blue line) temperature, with 25th to 75th and 10th to 90th percentile bands. The thin dotted lines are the corresponding average perceived temperatures.

Best Time of Year to Visit

To characterize how pleasant the weather is in Cairo throughout the year, we compute two travel scores.

The **tourism score** favors clear, rainless days with perceived temperatures between 65°F and 80°F. Based on this score, the best times of year to visit Cairo for general outdoor tourist activities are from late February to late April and from mid October to early December, with a peak score in the second week of November.

Tourism Score in Cairo

The **tourism score** (filled area), and its constituents: the temperature score (red line), the cloud cover score (blue line), and the precipitation score (green line).
